## Career Objective

---

Passionate and driven computer science student with strong technical skills in programming, data management, and software development. Seeking to leverage academic background and personal projects to innovate and learn more.

## Education

---

**Ohlone College, 43600 Mission Blvd, Fremont, CA 94539**

8/30/2021 - 5/30/2024

Associate in Computer Science , GPA: 3.28

**California State University, Fullerton, 800 N State College Blvd, Fullerton, CA 92831**

8/24/2024 - Present

B.S. in Computer Science , GPA: 3.28

## Related Courses

---

- Data Structures and algorithms
- Assembly Language
- Discrete Structures
- Object Oriented programing (C++)
- Linear Algebra
- Calculus 1 to 3
- Differential Equations

## Course Project

---

### Receipt manger program

- A program that calculates the expenses of each individual given a group of people

### Smart Traffic light simulator (Group Project)

- A program executed on a Raspberry Pi that controls the simulated lights of a traffic light, with sensors that tells the program, there is traffic incoming. This program allows for some vehicles to get to destinations faster, as the traffic light dynamically changes its behavior based on real time sensors.

### Accounting Management Assistant

- Assisted family business' fish import/export company in digitizing finances through spreadsheet scripts.

## Computer Skills

---

### Programmming Languages

- C/C++
- Python
- Java

### General Skills

- Light photo and video editing
- Office Applications (Excel, Word, PowerPoint)
- Sorting

## Foreign Language Skills

---

Fluently read and write Burmese as well as speak the language
